Product name:	Anti-Mouse CD162 Monoclonal Antibody(AF647		
	Conjugated)		
Catalog:	DL20543F		
Synonyms:	P-selectin glycoprotein ligand		
	1,Selplg,PSGL-1,Selectin P ligand,CD162		
Background:	The 4RA10 antibody reacts with the N-terminal		
	functional peptide of CD162 (P-selectin glycoprotein		
ligand-1, PSGL-1), encoded by the Selpl gene.			
PSGL-1 is expressed on the cell surface as a			
homodimer of approximately 230 kDa. In the mouse,			
Selpl mRNA is detected in most tissues, with high			
	levels found in hematopoietic cells, brain, and		
	adipose tissue. Flow cytometric analyses have		
	revealed CD162 expression on bone marrow-derived		
	mast and dendritic cells, splenic leukocytes, platelets,		

peripheral blood neutrophils, and neutrophil and T-cell lines. PSGL-1 is a ligand for P-selectin (CD62P) and is involved in leukocyte rolling, the migration of leukocytes into inflamed tissues, and responses to vascular injury. It is a sialomucin that must be specifically sialylated, fucosylated, and sulfated to bind P-selectin. There is also evidence that other ligands for PSGL-1 and CD62P may exist. 4RA10 mAb is reported to block the binding of mouse leukocytes to CD62P and CD62L.

Form: Liquid		Isotype: Rat IgG1, κ	
Size: 25µg/100µg		Host: Rat	
Reactivity: Mouse		Application: FCM	
Concentration: 0.5 mg/mL		Conjugation: AF647	
SwissProt:	Q62170		
Buffer:	Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.		
Recommended Use:			

Each lot of this antibody is quality control tested by flow cytometric analysis. Please check your vial before the experiment. Since applications vary, the appropriate dilutions must be determined for individual use. We suggest each investigator should titrate the reagent to obtain optimal results [The recommended concentration is 0.1-1 μ g/10⁶cells in 100 μ L volume].

Storage:

Keep as concentrated solution.

Store at $2\sim 8^{\circ}$ C and protected from prolonged exposure to light. Do not freeze.

This product is guaranteed up to one year from purchase.
