Product name:	Anti-Mouse CD8a Monoclonal Antibody(FITC		
	Conjugated)		
Catalog:	DL21260F		
Synonyms:	T-cell surface glycoprotein CD8 alpha		
	chain,CD8A,T-lymphocyte differentiation antigen		
	T8/Leu-2,MAL		
Background:	CD8, also known as Lyt-2, Ly-2, or T8, consists of		
disulfide-linked $\alpha$ and $\beta$ chains that form the			
$\alpha$ (CD8a)/ $\beta$ (CD8b) heterodimer and $\alpha/\alpha$ homodimer.			
CD8a is a 34 kD protein that belongs to the			
immunoglobulin family. The CD8 $\alpha/\beta$ heterodimer is			
expressed on the surface of most thymocytes and a			
	subset of mature TCR $\alpha/\beta$ T cells. CD8 expression on		
mature T cells is non- overlapping with CD4. The CD8 $\alpha/\alpha$ homodimer is expressed on a subset of $\gamma/\delta$			

	TCR-bearing T cells, NK cells, intestinal intraepithelial lymphocytes, and lymphoid dendritic cells. CD8 is an antigen co-receptor on T cells that interacts with MHC class I on antigen-presenting cells or epithelial cells. CD8 promotes T cell activation through its association with the TCR complex and protein tyrosine kinase lck.		
Form: Liquid		<b>Isotype:</b> Rat IgG2a, κ	
Size: 25µg/100µg	, ,	Host: Rat	
Reactivity: Mouse		Application: FCM	
Concentration: 0.5 mg/mL		Conjugation: FITC	
SwissProt:	P01731		
Buffer:	Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.		

## **Recommended Use:**

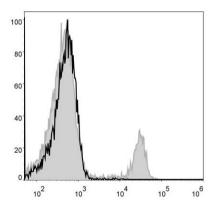

Each lot of this antibody is quality control tested by flow cytometric analysis. Please check your vial before the experiment. Since applications vary, the appropriate dilutions must be determined for

individual use. We suggest each investigator should titrate the reagent to obtain optimal results [The recommended concentration is 0.1-1  $\mu$ g/10<sup>6</sup>cells in 100  $\mu$ L volume].

## Data:

Mouse splenocytes are stained with Anti-Mouse CD8a Monoclonal Antibody(FITC Conjugated)[Used at  $0.2 \mu g/10^6$  cells dilution](filled gray histogram). Unstained splenocytes (blank black histogram) are used as control.

## **Storage:**

Keep as concentrated solution.

Store at  $2\sim 8^{\circ}$ C and protected from prolonged exposure to light. Do not freeze.

This product is guaranteed up to one year from purchase.
