Product name: Rabbit anti-Claudin 5 Antibody

Catalog: DL91173A

Synonyms: AWAL; TMVCF; Claudin-5; Transmembrane protein deleted in VCFS; TMDVCF

Immunogen: KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human Claudin 5. The exact sequence is proprietary.

Form: Liquid

Concentration: 1mg/mL

Size: 100 ul/50 ul

Host: Rabbit

Reactivity:

Human, Mouse, Rat, Bovine, Pig, Rabbit

Application: WB, IHC, IF/IC

Clonality: Polyclonal

Dilution: WB (1/500 - 1/1000),
IHC (1/100 - 1/200), IF/IC (1/100 -
1/500)

Entrez Gene: 7122/12741/65131

SwissProt: O00501/O54942/Q9JKD6

Purification: The antibody was purified by immunogen affinity chromatography.

Buffer: Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.

WB description:

Western blot analysis of Claudin 5 expression in HeLa (A), mouse liver (B), rat lung (C) whole cell lysates.

IHC description:

Immunohistochemical analysis of Claudin 5 staining in human breast cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

IF/ICC description:

Immunofluorescent analysis of Claudin 5 staining in HeLa cells. Formalin-fixed cells were permeabilized with 0.1% Triton X-100 in TBS for 5-10 minutes and blocked with 3% BSA-PBS for 30 minutes at room temperature. Cells were probed with the primary antib

Storage:

Store at -20°C. Avoid repeated freeze / thaw cycles.
